CONTAINER TERMINAL TH.P.A. S.A.

SECTION A: PRICE LIST – DEFINITIONS AND CONDITIONS

The Tariff Book defines the charges payable to THPA for the use of the services and facilities provided at the Container Terminal of the Port of Thessaloniki.

1 DEFINITIONS

- 1.1 The definitions outlined in Chapter I, Article 1 of the General Conditions shall apply.

2 APPLICATION

- 2.1 The rates to be charged by THPA to its Customers for the Services or Facilities provided by THPA are categorised as follows:

ITEM 1 Vessel-related services

ITEM 2 Yard-related services

ITEM 3 Storage services

ITEM 4 Reefer-related services

ITEM 5 Auxiliary services

ITEM 6 Other Charges

- 2.2 Import and Export rates, including Lift-on/off, shall apply when:

(a) Any laden or empty Container is discharged from a Vessel and is delivered directly out of the Terminal, or moved and stored in the container yard and later delivered out of the Terminal;

or

(b) Any laden or an empty Container is loaded, and the reverse operations to (a) are performed.

- 2.3 Transit cargo status applies to laden containers discharged from vessel at the Port of Thessaloniki and carried by truck or rail to foreign countries or vice versa.

- 2.4 Transshipment rates shall only apply if there is notification prior to arrival to any laden or an empty Container when it is discharged from the first vessel at the Terminal and remained in the custody of THPA until it is transhipped in its original status by the Customer to a nominated second vessel. Transshipment status will be lost after a period of 30 calendar days after discharge from vessel.

- 2.5 For transshipment Containers that are subsequently declared as import or lost status after 30 calendar days, the import stevedoring, lift-on and storage charges will apply.

- 2.6 For containers subject to more than one “surcharge”, the various surcharges are summed up and invoiced on the basic rate.

TARIFF BOOK
CONTAINER TERMINAL TH.P.A. S.A.

3 GENERAL

3.1 THPA will invoice its services according to following criteria:

Discharged containers:

- STS move from vessel to quay under the STS outreach will be invoiced to Shipping Agent (Box Operator) on liner terms.

Yard expenses such as:

- Lift-on truck/rail (including horizontal transport from vessel's side to stacking area) storage, reefer, ISPS, and other yard-related services can be invoiced either to Shipping Agent, cargo owner or its representatives

Loaded containers:

- STS move from quay under the STS outreach to vessel will be invoiced to Shipping agent (Box Operator) on Liner terms.

Yard expenses such as:

- Lift-off truck/rail (including horizontal transport from stacking area to ship's side), storage, reefer, ISPS and other yard-related will be invoiced to Shipping Agent.

3.2 Containers carrying Dangerous Goods will be charged the applicable crane move, shifting, lift-on/lift-off, and storage as follows:

IMO classes 1 to 8:	1.4 times
IMO class 9	1.2 times

Containers carrying Dangerous Goods (IMO) not declared electronically in XML/EDI files, will be charged 2 times the applicable crane move, shifting, lift-on/lift-off, storage. This charge will be invoiced to the liable party for payment.

3.3 Over dimensional and/or damaged containers that require the use of special spreader or slings (over height frame) for its handling, e.g. cannot be handled with normal spreader, will be charged 1.5 times the applicable crane move, shifting, lift-on/lift-off, storage and other yard-related services.

3.4 THPA reserves the right to review and change the Price List from time to time, subject to pre-notice of one month for new services, and two months for amendment of the Price List
